

Wild Alaskan  
Salmon

### Safe Source Of Fish Oil

- Short life span (3 Years).

3x molecular  
distillation

- Ultra-pure refined oil with virtually zero contaminants.

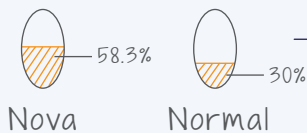

Triglyceride

### Natural and most absorbable form of omega-3

- Easily used by the body.

2x Strength Of Fish Oil

### High Amount Of DHA

- 58.3% vs 30% omega-3 in normal fish oil.

Actisof  
Formulation

### Water soluble formulation for improved absorption

- 2-3 times more absorption compared to non self-emulsifying formulation.
- Less wastage, maximum absorption.
- Maximum efficacy.
